On Ear Wireless Headphones that Transform into Speakers

Experience true HD sound quality and enhanced bass with these super comfortable, over-ear, Bluetooth headphones that transform into powerful speakers! The comfort fit headband and fully adjustable ear cups provide a better fit for longer, more comfortable listening sessions. High quality built in mic for hands-free operation. Integrated controls allow you to answer/disconnect calls, play and pause your music, and control the volume. Built-in rechargeable battery and provided audio cable assure that the headphones will never power off. Flip ear cups outward to activate speaker mode.
