

12-Volt Magnetic Car Mount

Our 12-volt magnetic car mount is a unique take on the traditional mount. Insert the car mount into any 12VDC car outlet. The mount has 2 integrated quick charge USB ports and a pass-through 12VDC outlets for your mobile devices or tablets. The long, flexible neck makes for optimal positioning. Included square or circular magnets adhere to the back of your phone. Place your phone against the magnetic mount, and the ferromagnetic base will tightly hold it in place. A ball-and-socket joint allows you to rotate your phone for optimal positioning even when it is mounted. Gently pull against the mount to remove your phone. It's that easy.
